Moho Webinar on Phungus & Mowld Production

I was asked by Lostmarble, creators of Moho (the animation software I use to create Phungus & Mowld) to do a webinar on my series, and of course I was thrilled to get this opportunity. So, if you want to take a closer look at my workflow and...

On the Scarcity of Yourself and Time in General

No matter how I rethink it, optimize my workflows, no matter much I improve my productivity – there'll always only be one me. And that one me doesn't have unlimited time. So as long as I don't find a way to fund my creative ventures and split that...

Storyboard, Schmoryboard

I'm still struggling to put all the ideas I've collected over the years for Shadywoods the Comic, Shadywoods the Series and now Shadywoods the Feature Film into a coherent script of more than 60 minutes. I've also re-discovered some half-written...

AFM And Onward

Attending the American Film Market this year, I learned that episodic content (i.e. series) are a hard sell, unless you've got at least one full season completed and ready, especially with adult animation, where [adult swim] seems to be the only...
